34 So, when (kiss) Spring comes we'll kiss each (kiss) o - ther on (kiss) the (kiss)

37 lips Slower be - cause tic clocks toc don't make a toc tic dif-fer-ence to

(kiss kiss) you and to kiss me

there are so many tictoc  
 clocks everywhere telling people  
 what toctic time it is for  
 tictic instance five toc minutes toc  
 past six tic

Spring is not regulated and does  
 not get out of order nor do  
 its hands a little jerking move  
 over numbers slowly

we do not  
 wind it up it has no weights  
 springs wheels inside of  
 its slender self no indeed dear  
 nothing of the kind.

(So, when kiss Spring comes  
 we'll kiss each kiss other on kiss the kiss  
 lips because tic clocks toc don't make  
 a toctic difference  
 to kisskiss you and to  
 kiss me)
